

TRIO COLLECTION

TECHNICAL DATA SHEET

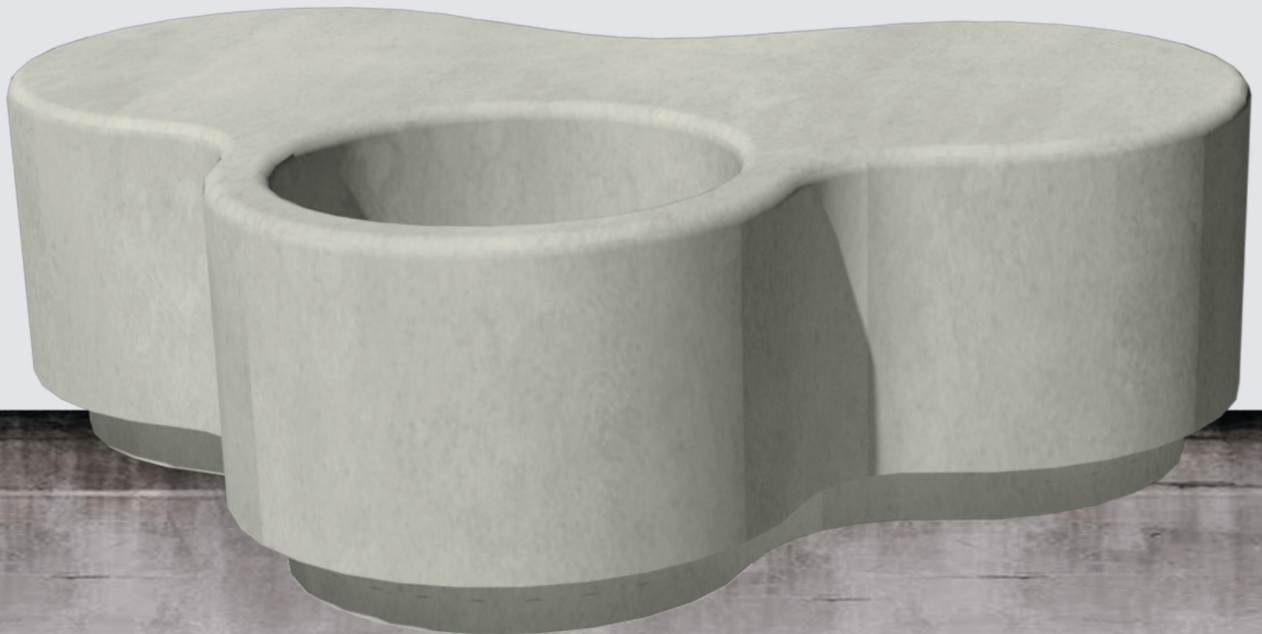

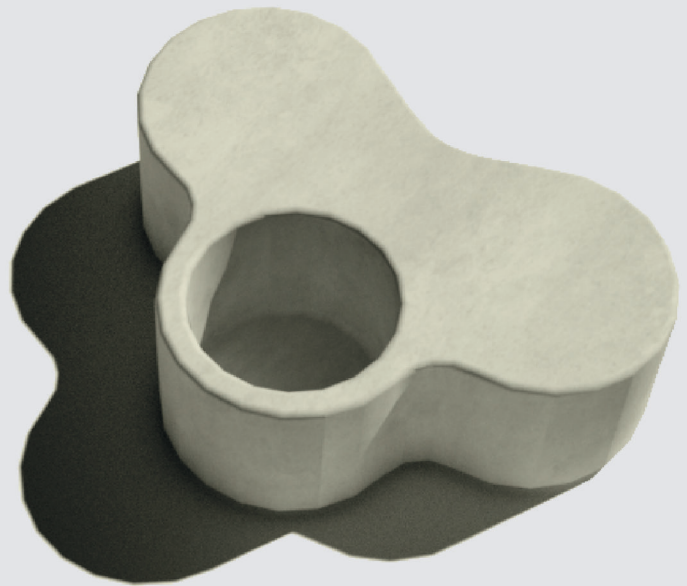

Transforming barriers into opportunities.

The Trio Bench is a versatile and modular urban furniture product that can be customized to fit different needs. It has a unique design that allows it to be configured in various forms and functions, making it a great addition to any public space.

One of the key features of the Trio Bench is its ability to integrate planters. Depending on your preference, the bench can be ordered with no planters, one planter, or even two planters integrated inside of it. This is a great feature for those who want to add some greenery to their urban space.

The bench is made from high-quality materials that are weather-resistant and durable, making it suitable for outdoor use.

Overall, the Trio Bench is a versatile and functional piece of urban furniture that can be customized to fit different needs. Its unique design and integration of planters make it a great addition to any public space.
